## **Panelists:**

### **Leslie Paynter, Managing Director, Alamance Community School**

Leslie Paynter is the founding Managing Director of Alamance Community School (ACS), a new charter school that opened in the Fall of 2020. At ACS, Project-Based Learning is an integral part of the philosophy and mission. Students are presented with interesting, relevant, and meaningful problems to solve. Also, ACS uses a system of classroom management called Responsive Classroom. The main goal of Responsive Classroom is to promote optimal student learning and create a caring community of students and staff. It is a research-based program that shows students learn best when they feel safe, challenged, and happy. Leslie believes that her students social-emotional health is just as important as their academic health and student achievement increases when students feel safe and valued. Leslie was the founding Elementary Principal at Voyager Academy for eight years. She was an original board member at Voyager Academy and was instrumental in starting the Voyager Academy middle school in 2007, the high school in 2010, and the elementary school in 2011. Leslie received a BA in Elementary Education (K-6), an M.Ed. in Special Education (K-12) from UNC-Charlotte and an Education Administration and Supervision add-on license from North Carolina Central University. In her twenty-nine years as an educator, she has been a regular classroom teacher, a special education teacher, an EC facilitator, a founding board member of a charter school, and a school administrator.

In 2017, Justin helped establish Ascend Leadership Academy, a charter school that opened in Sanford, NC in August of 2018. Justin led ALA's Board of Directors through the application and Ready to Open Process with the NC Office of Charter Schools. ALA opened to students in 2018-19 with 163 students in 6th and 7th grade.
